## THE WINGATE SCHOOL, 1916-1917

During the year there has been a marked improvement in many departments of the school. There has been a successful effort on the part of the faculty to strengthen the course of study, and to require more thorough work. Some courses have been made more complete, and others have been added to the curriculum. The business department has had a most successful year, and we are glad to announce this as a permanent feature.

The library has occupied an important place in the work of the school for this session. A large number of fine volumes have been added, and the interest in reading on the part of the students has been marked.

The Literary Societies improved the appearance of their halls, and for the whole year have done substantial work. This feature of the school is prominent on all public occasions.

By the organization of a Junior Class a better classification of students is obtained, and definite mile posts and opportunities are offered to those who plan to finish school. Thus progress is measured and higher standards of scholarship are held up before students.

The Senior Class, the largest in the history of the school, would be an honor to any institution.

This review of the year's work should highly please the friends of the school, the purpose of which is to build characters—to make men and women.

## GENERAL INFORMATION

Parents who are blessed with bright boys and girls are urged to come to Wingate. At present a number of houses are nearing completion. This shows that we are taking on new life. We invite comparison with other schools in the matter of expense, convenience, and health conditions. In fact a more desirable place for a school—taking everything into consideration—could hardly be found. Move to Wingate and become a citizen of a community whose watchword is "Education." Within the last year several families have moved here, and although homes are scarce, if you desire to come you can buy a lot and build, purchase a home, or rent a house.

Wingate has much to offer the man who is interested in education. The Executive Committee of the Board of Trustees and the Principal of the school are at your service for any information along this line.

## HISTORY

The Wingate School was established in accordance with a resolution passed by the Union Baptist Association at its annual session in October, 1895, for the higher intellectual, moral and religious training of the boys and girls of the Association and surrounding country. A Board of Trustees consisting of J. W. Bivens, Rev. Hight C. Moore, O. M. Sanders, M. W. Griffin, J. C. Sikes, B. F. Parker and R. F. Beasley, were appointed to secure a suitable location within the bounds of the Association, and to establish there a school of high grade, which should be owned by the Association, and conducted under Christian influences.

The Association, at its annual session in 1896, established a Board of Trustees, consisting of fifteen members, to be selected from the various churches of the Association, each to serve a term of six years, and five to be elected by the Association every two years. The Legislature of North Carolina, in 1897, granted to the school a charter which secures to it all the protection and privileges that are usually granted to a college.

At first a three-room building housed the school, and in this Professor M. B. Dry laid the foundation for an institution that compares favorably with the best. In a few years the growth of the school demanded more room, and five rooms, including two society halls, were added. After some years of progress Professor

B. Y. Tyner became principal, and with the trustees, planned the present commodious brick building. Each time the growth of the school called for any change in the building, the local community became loyally and liberally to the support of the school. Many loyal friends at a distance have stood by the institution.

In the year 1912, the Mecklenburg and Cabarrus, the Pee Dee, and the Anson joined the Union Association in the ownership of this splendid institution. This was a needed growth in territory, all of which should be reached and influenced by the Wingate School.

There is another bright page in its history which can be seen only from the lives of the students who have gone out from here. The Wingate students have made good and justify even the greater sacrifices for the school.

#### BUILDINGS AND SURROUNDINGS

The lot on which the building stands comprises ten acres. In addition to this the trustees own sixteen acres surrounding the school lot, which they are selling at reasonable rates to those desiring to build near the school.

The building consists of six class rooms, two society halls, a music room, a business room, an office, library, and auditorium.

In locating the school at Wingate the trustees were exceedingly fortunate. The place is noted for its healthfulness. The surrounding country presents an endless succession of hills and streams, and there is no local cause for disease. The people are enterprising and prosperous, and the moral and religious tone of this community is unsurpassed.

There cannot be found within the limits of the State a more moral and law-abiding class of citizens than those who live in and around Wingate. They are industrious and honest and "live at home," with all that the term implies. The sentiment of the village is against those things which lower the moral ideals of a community. Cigarettes cannot be bought here. Whoever patronizes the school may rest assured that both the mental and moral training of their children will be carefully and properly guarded.

#### RELIGIOUS INFLUENCES

The Wingate School is much concerned for the spiritual development of every student. We believe this to be the goal, toward which all education should be directed. No matter what intellectual endowment a student may possess, nor how well trained he

may be, unless he has religious training, he does not add any permanent asset to the world's good.

Pastor C. J. Black knows how to manage Christian work with enthusiasm and earnestness. There is preaching twice a month, prayer-meeting every Wednesday night, and one of the best Sunday Schools in the State. Students are encouraged to become active in religious work. During the past session the students have received valuable training in the B. Y. P. U..

A number of young men have been members of a Bible Study Class. In the Sunday School the Berean and Fidelis classes have accomplished much, and the young people are greatly interested in this work. The moral tone of the student body is inspiring and uplifting. While neither the school nor the village is perfect, yet when compared with conditions elsewhere, we have an excellent environment for the institution.

#### TO PARENTS

You owe your children at least an education that will enable them to cope with their fellowmen in the everyday walks of life. Many parents cannot give their children a college education, but they can send them to a school which is nearer them, and where the expense is much less than half that in the higher institutions.

For those who come to us, we not only offer to them what most of the public and high schools give, but we offer to your children exceptional advantages in Music, Elocution and Literary work.

Look at our cheap tuition and board rates and see if you cannot make just a little sacrifice and place your boy or girl with us at the opening of the Fall Term. Remember that happiness comes in service. A little extra service for your child now means untold happiness for you later when he or she is an honor to you in the world of service.

#### SUNDAY SCHOOL NORMAL TRAINING

No Sunday School is better than its teachers and officers. Realizing this fact, and, also realizing the urgent demand for more and better trained Sunday School workers, the Wingate School adopted the Sunday School Normal Training Course prescribed by the Sunday School Board, Nashville, Tenn., and gives every student a chance to elect some work in this course, and better prepare himself or herself for more and greater service. A diploma is given by the Sunday School Board on completion of the first book in the course.

# OUTLINE OF INSTRUCTION

## ENGLISH

MISS ROSA BLAKENEY

The chief object of the course in English is to teach the fundamentals of English Grammar and Rhetoric, to give frequent practice in composition and to develop a keen appreciation of the masterpieces of English Literature. To this end the following course is offered:

I. English Grammar—Reed and Kellogg. English Classic—Selected from College entrance requirements.

II. Elements of Composition—Scott and Denny. English Classic—Selected from College entrance requirements.

III. The New Composition—Rhetoric—Scott and Denny. English Classics. Theme Work.

IV. Review of English Grammar. English Classics. Theme Work.

In addition to the above prescribed course, each student is required to read four standard novels during each year. Thus a broader acquaintance with the best literature is made. A short course is given in public speaking.

## MATHEMATICS

J. G. CARROLL

Our courses in Mathematics are arranged with two purposes in view—utility or practical use, and mental culture. In the lower preparatory classes special stress is given to the practical side of Mathematics. In higher Arithmetic, Algebra, etc., the question of utility is made a prominent one. The higher work in Mathematics looks beyond the practical to the question of mental development, the question of mental power.

### COURSE I

Arithmetic—Milne's Standard and a short course in Business Arithmetic.

Algebra—Through fractions in Wentworth and Smith's Academic.

### COURSE II

Algebra—A full year's work in Wentworth and Smith's Academic.

### COURSE III

Algebra—Milne's Standard—Thorough work in real problems, Quadratics, Ratio, Progressions, Proportion, Logarithms, etc.

### COURSE IV

Plane Geometry—Wentworth and Smith. Emphasis on Original Exercises.

## LATIN

J. G. CARROLL

It will be the aim in this department to lead the student to an accurate knowledge of the Latin Grammar, to invest him with the ability to translate the language fluently, and to give a comprehensive survey of its literature. Special attention is given to form, syntax and style. With this study the English vocabulary is broadened.

## COURSE I

Grammar—Smith's Latin Lessons and D'Ooge's Latin for Beginners to Syntax.

## COURSE II

Grammar—Review of Course I and thorough work in Syntax. Cæsar's Gallic War—Two Books. Bennett's Latin Prose.

## COURSE III

Cæsar's Gallic War—One to two Books. Bennett's Latin Prose. Cicero's Orations against Cataline. Construction emphasized.

## COURSE IV

Virgil's *Æneid*—Six books.

## HISTORY

MISS ROSA BLAKENEY

The importance of History in the curriculum is being recognized more from year to year. This subject is given adequate recognition in the comprehensive course of study which follows:

I. Outlines of European History, Part I—Robinson and Breasted.

II. Outlines of European History, Part II—Robinson and Beard.

III. American History—Muzzey.

In the European History Courses, special emphasis is placed on English History. In both the European and American History courses modern problems are emphasized.

## FRENCH

MISS MARY JONES

Grammar—Chardenal's Complete French Grammar.

Reading—Mairet's *La Tache du petit Pierre*.

Composition is based on text read, dictation, and conversation.

In this course special stress is laid on pronunciation, simple, idiomatic constructions, the regular conjugations and the more common irregular verbs.

## GERMAN

MISS ROSA BLAKENEY

Grammar—Paul V. Bacon. (Completed).

Reading—Gluck Auf by Muller and Wenckeback. Sight Reading.

Besides a thorough course in Grammar the instructor endeavors through German songs, poems and conversation to get the students into the real spirit of the language.

#### SCIENCE

It is the purpose of this department to give the pupil a thorough understanding of the fundamental principles of Natural Science. The course is arranged to meet the need of a general education. Frequent experiments are performed before the classes.

##### COURSE I

Physiology—A thorough study of Culler's second book.

First Year Science—Snyder. Practical and interesting.

##### COURSE II

Physics—Millikan and Gale. A new, attractive treatment of important subject.

Elementary Agriculture—Grim's Agriculture. A new idea of food production for those interested.

#### DEPARTMENT OF BIBLE

REV. C. J. BLACK

FIRST YEAR, FALL TERM—Maclear's Old Testament History, Mullins' Baptist Beliefs, New Sunday School Normal Manual—Spillman, Leavel and Burroughs.

FIRST YEAR, SPRING TERM—Maclear's Old Testament History, New Sunday School Normal Manual and one lecture on Baptist Church History each week.

SECOND YEAR, FALL TERM—Maclear's New Testament History, Missions, New Sunday School Normal Manual.

SECOND YEAR, SPRING TERM—Maclear's New Testament History, Introduction to the Acts—Stiffler, and Outline of Texts.

No tuition will be charged for this course. It is free to any student that is advanced enough to do the work. It is not confined to ministerial students but to the student body in general. We will give three periods each week, thus enabling students to keep up their other work.

THE MUSIC CLASS

# MUSIC DEPARTMENT

MISS NETTA LILES

Now that music is regarded as an essential element in a liberal education, there is no subject that should occupy a higher place in the school curriculum. It affords both mental discipline and spiritual refinement.

Students' Recitals are given every two weeks, at which time works studied in the class room are performed before the students of the Music Department. All music students are required to attend these recitals, and to take part in them when requested to do so. These semi-public appearances are of great assistance in enabling the student to acquire that ease and self-possession so essential to a successful public performance.

The Music Department also offers a course in Music History in order that the pupils may know something of the life and works of the most noted composers. The music pupils take part in each meeting of the Literary Societies and in all public entertainments. The music course prepares for the Freshman class of all the best colleges of the South. A medal is offered for the most improvement in this department.

Second Year High School.....	\$3.00 per month
Third Year High School.....	\$3.50 per month
Fourth Year High School.....	\$3.75 per month
Instrumental Music.....	\$2.50 per month

Board, including furnished rooms, light and fuel, can be had in the homes of citizens who are deeply interested in the school at a low rate of ten to twelve dollars per month. No deduction is made for time lost unless it amounts to a week of continuous absence. Students entering school must pay for at least a month's tuition. Four weeks constitute a month, both for board and tuition.

Ministerial students, children of pastors, and needy widows receive 50 per cent. discount on tuition fees in the Literary Department.

Board is due at the end of each month, unless other arrangements are made. Tuition is to be paid at the end of each quarter, being the last of October, December, February and April. When a student plans to leave school his tuition is due.

#### BOARDING ARRANGEMENTS

Our system of boarding in private homes is more convenient to students than dormitories. Everything is furnished at the low price of ten to twelve dollars per month. Girls and boys must have different boarding places. Several of the most convenient places have been reserved for girls, and they will be required to board at these homes. From time to time a report of their conduct must be given to the Principal. Girls must consult the Principal before deciding on a boarding place, and then the school will be responsible to the parents. All those who keep boarders must co-operate with the Faculty and report the general conduct of the students under their charge. With the above plan parents may feel sure that the best interests of their children will be carefully looked after. During the past year a number of students did light housekeeping. At one time there were eighteen of our best students who helped themselves in this way.

#### GLADSTONE AND PHILOSOPHIAN LITERARY SOCIETIES

Every man possesses a talent for doing something. He must train himself to use this talent to the best advantage if he does his whole duty to God and men. In order to do this he must study and ponder over the things that detract from the value of these talents, and make a great effort to overcome these obstacles. He must learn to express in an intelligent manner the things he has been taught. This is true whatever his vocation may be. This being true, it is necessary to train men to express their thoughts intelligently.

The Gladstone and Philosphian Societies give exceptional advantages in this field of work. The Societies have a program each week, consisting of a debate, declamations, extemporaneous speeches and current events.

No man gets the best out of school unless he joins one of these societies. The society spirit pervades the whole school. Students who fail in this work cannot usually be depended on in the classroom.

The public occasions which the societies usually have are a joint debate in October, another in March, and a debate between the societies at Commencement. The last debate is the only time that the societies are allowed to speak against each other, and is

an occasion of much friendly rivalry. At Commencement, orators and declaimers are chosen by each society, and a medal is given in each contest. Usually the honors are about equally divided between the societies.

#### BROWNING LITERARY SOCIETY

One of the most influential, as well as the most attractive features of the school, is the Browning Literary Society for girls, which was organized in the year 1906 by Miss Mollie Walters. The society has been growing and developing into an organization of which the school is justly proud. The present year's work has been a bright page in its history.

Programs are rendered weekly, and consist of music, recitations, readings, current events and debates. Each member is required to respond with whatever she is called upon to do, and we are glad to say that most of our girls do this with a willing spirit. With the encouragement of the Faculty the girls show great love and respect for their society. Most of them realize what society work means for those who make the best use of their advantages, and therefore they put heart and soul into the work of raising the organization to a higher standard, and at the same time upbuilding and strengthening their own characters.

#### REVIEWS AND EXAMINATIONS

In order to secure thoroughness, frequent drills and reviews are given, and in no case are students excused from the quarterly examinations.

Parents often commit a great error by taking their children out of school before examinations, or by allowing them to stop while the examinations are in progress. No time of the school year is so well spent as that devoted to review and examinations.

Reports are sent to parents that they might see what their children are doing. Close attention to these reports on the part of parents is earnestly desired, together with their frequent advice and counsel. Don't allow your children to miss examinations.

#### ENTRANCE

Students should enter the first day, if possible, and remain through the entire term. The student finds it greatly to his advantage to begin with the other members of the class so he can have a fair show with them. Boys and girls delay entering because they hesitate to enter the lower classes. Don't make this mistake. You will be made to feel at home at Wingate.

#### LIBRARY AND READING ROOM

A suitable room has been arranged in the building for our library, which contains several hundred volumes of valuable books.

THE BASKETBALL TEAM, 1917

The library committee have installed a system which gives this department efficiency and permanence. Nearly one hundred dollars was spent this year for books most helpful to students. The students take advantage of the opportunities offered, and pleasing results are in evidence. A number of public documents come to the library, and these furnish excellent supplementary reading. Students have access to the magazines, daily and weekly papers which are kept in the reading room. Mr. Herrin, our librarian, made an excellent record for the past year, not one book being lost. Mr. Vander Simpson has been appointed librarian for next year.

Debate libraries are obtained from the State librarian, and in this way the best literature available is placed in the hands of the students.

#### SCHOLARSHIP

Wake Forest College grants one scholarship each year to The Wingate School. This will be given to the young man of the Senior Class who makes the best grade in a competitive examination.

This gift speaks for the excellent reputation the Wingate School has made, and will aid many worthy young men in securing a college education.

### M E D A L S   A N D   P R I Z E S

#### SUCCESSFUL CONTESTANTS

The following are the medals offered and the winners of the same for the past year:

A five dollar gold piece is awarded at the close of the session to the best all-round student. Fred Helms.

A medal is offered for the best music student. Janie Thompson.

The W. J. Rudge Company, of Monroe, offers a gold medal to the best orator. Fred Helms.

Mr. A. McNeill, Laurinburg, N. C., offers a gold medal to the best debater. J. P. Parker.

A gold medal is also offered by the Gladstone and Philosophian Societies to the best declaimer. E. B. Liles.

The Browning Society offers a gold medal to the best reciter. Bess Bogan.

The Athenian Society offers a gold medal to the best reciter. Elizabeth Brewer.

As an incentive to work, the Gladstone and Philosophian Societies offer medals for improvement in debate. Paul Bennett and Lester Smith.

#### ATHLETICS

No high school or college is prepared to do the very best work without some place in which the students can enjoy athletic games. After a hard day's work in the class room, nothing benefits a stu-

dent so much as to engage in some sport that will rest his mind, and at the same time give much needed bodily exercise. The health of many students is impaired because of lack of exercise.

Some people do not believe in a school having athletic associations or athletic games. They claim that the student's business is study and not to play. Well, primarily, it is, but it has been the experience of all schools that athletics pay greatly, and in spite of the "chronic kickers," all high schools and colleges have some form of athletics, and the trustees of the Wingate School have made ample provision for athletics here. We have two basketball courts, two tennis courts, and an excellent baseball diamond. All these sports are under the supervision of the Faculty.

#### THE RELATIONS OF TEACHER AND PUPILS

Every member of the Faculty for this year is a consecrated Christian, who is anxious to instill into the lives of boys and girls those principles which make life worth living. They are well prepared for the careful instruction of those in their respective departments. The motto: "Individual attention and personal helpfulness" will be carried out in all departments of the school as far as practicable.

The girls will be under the personal supervision of the lady members of the Faculty, and will have the warm sympathy and care that is prevalent in the home life.

Only necessary communications between the boys and girls will be allowed, and the tendency to neglect duty for the social pleasures which sometimes exist in co-educational schools will be carefully restricted.

Few rules will be made, but kindness, help and firmness on the part of the teachers, and obedience, courtesy and respect on the part of the students, will, in our mind, largely obviate the institution of a great many of the sterner things known as law.

Boys will find that they have sympathetic helpers in the school room, on the athletic field, in the society halls, and, in fact, in every phase of school life, in the Principals of the school. They will at all times be ready to share a joy or a sorrow with you. SYMPATHY, HELPFULNESS and FELLOWSHIP are the watchwords. "A sound body, a well-trained mind and a true, noble character for each student," is our motto. How well we have succeeded in our aim is shown by the work our students are doing wherever they go. "A tree is known by its fruit; a school by its results."

#### DISCIPLINE

1. Unnecessary communication between boys and girls is prohibited. Boys and girls must have different boarding places.
2. Students are not allowed to accompany the opposite sex to and from school or religious exercises.

3. Students must get permission from one of the principals to leave the village more than a mile, or to be away from their boarding place after dark.
4. Smoking or using profane language in or around the school building is not tolerated.
5. Card playing is considered harmful to students and is forbidden.
6. All students are required to join one of the Literary Societies.
7. Loafing around the depot or in the stores at any time is forbidden.
8. An absence from class or roll call counts one demerit, unless excused by instructor.
9. All boarding students will be responsible to the principals for their conduct out of school as well as at the school building.
10. All pupils are held responsible for damage to school property.
11. Fifty demerits subject a student to expulsion.
